Key

Al = Aleksandrow Lodzki
 Kn = Konstanynow Lodzki
 Ln = London

* Gitl's father's name is thought to have been Dawid, who must have died before 1836, in order for Majer Wolf & Gitl to name their son after him.

A number of other Tempelchof branches exist from Konstanynow Lodzki, although it is not known the exact relationship between those branches and the ones shown on this sheet.
